COR 0944

5 Oct 1960

To DC, Devel Br, DPD  
from RMB

This will confirm my request to you to cancel the CY 1961 camera order entirely, substitute an order for three addtl COR prime cameras and six COR triple prime cameras.

I understand tentatively agreed 6 GE recovery units already on order may be sufficient for our needs, or perhaps 1 addtl.

My understanding is that something less than [ ] funds will be required.
